

ELEVON Height Adjustable Desk

Easy to assemble sit to stand desk perfect for home or light use. Includes a powerful motor, durable worksurface, anti-collision technology, and the same Bluetooth paddle controller that is common on TBC's other products. Optional cable management troughs with a telescopic base means different sizes or shapes are possible without replacing the desk base.

FEATURES

- Digital preset controller with Sit/Stand reminder
- Two options for rear horizontal cable trough
- Anti-collision sensor
- Repositionable magnetic vertical cable chase
- Easy set up and quick ship options
- Telescopic frame allows for future upgrades
