

Electric Producers Table

ASSEMBLY INSTRUCTIONS

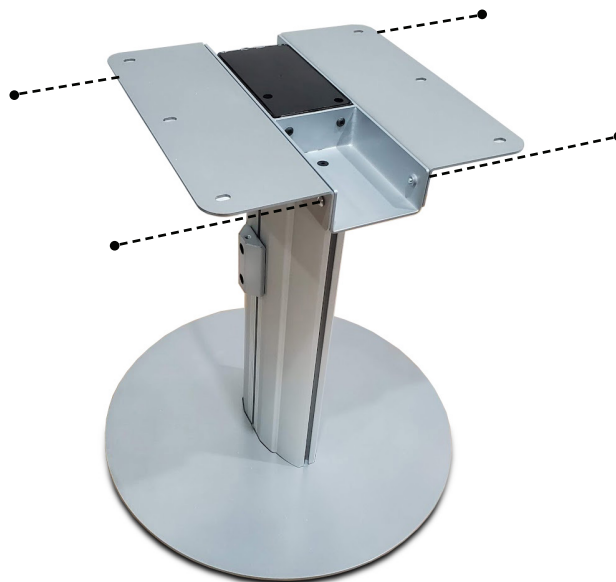

Step 1

Using 1/4 -20 x 3/4" low profile bolts, attach the leg assembly to the base plate.

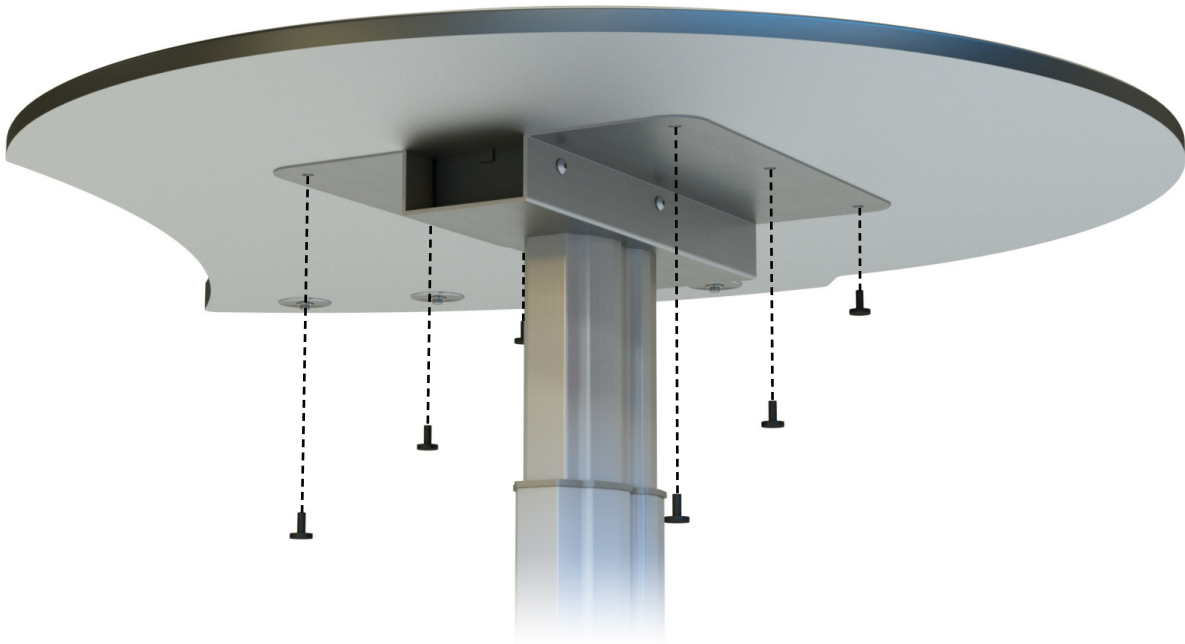

Step 2

Attach the mounting brackets using (4) 1/4 - 20 x 1/2" button head screws.

Step 3

Line up the mounting plate holes with the pre-installed threaded inserts and attach the mounting bracket to the underside of the countertop using (6) 1/4 -20 x 3/4" low profile bolts.

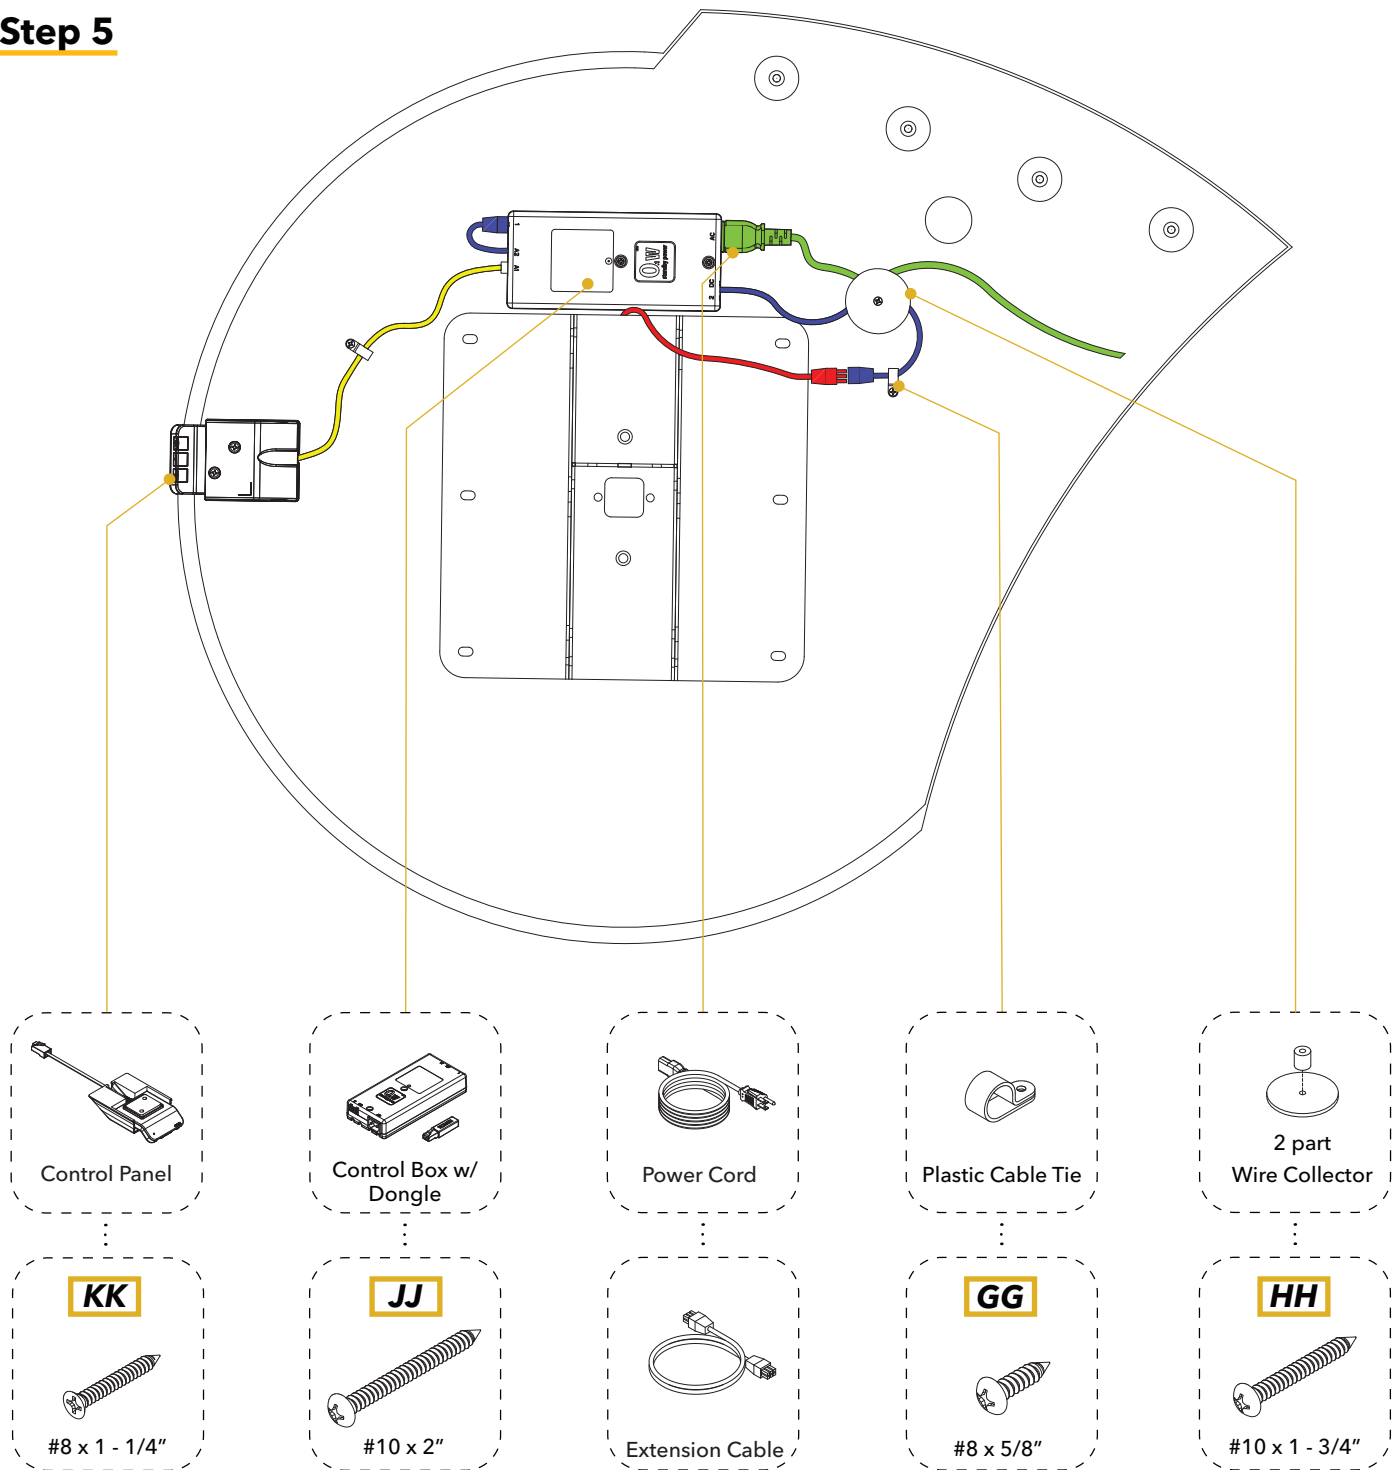

Step 4

Line up the crossbar pivot bracket holes with the pre-installed mounting anchor and attach using (2) 1/4 -20 x 1/2" button head screws at producer table and console side.

Step 5

Line up Wire Collector collar and backing plate (2 pieces) and fasten to the countertop in the position shown using the [HH] screw. Route the Extension Cable (shown in blue) through the channel on the Control Box. Fasten the Control Box to the countertop, in the position shown using the [JJ] screws. Fasten the Control Panel to the countertop, in the position shown using the [KK] screws. Place the Plastic Cable Ties onto the wires as you route them and attach using [GG] screws, as shown.

Plug the Motor Cable (shown in red) into the Motor Extension Cable (shown in blue), (wrap some of this wire around the Wire Collector to minimize slack) and plug into Port 1 of the Control Box. Route the Control Panel wire (shown in yellow) along the Countertop Support Arm and plug into the port A1 of Control Box. Plug the Power Cord (M) into the Control Box.

All specifications and other information contained in this installation guide are based on the latest product information available at the time of printing.
