

TIME BASE CONSOLES

ST-CPU / ST-CPU-N Installation Instructions

The CT-CPU can be mounted to either the left or right side of the base assembly.

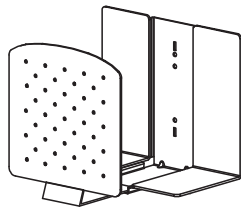

Note: Remove (2) set screws and the CPU Knob w/ Washer from the CPU Attachment Bracket before proceeding to Step 1.

Step 1: Twist and insert the CPU Attachment Bracket inside the Leg Groove. Next insert the set screws into the CPU Attachment Bracket (do not tighten). Once the desired position is determined, tighten the Set Screws.

Step 2: Attach the CPU Holder to the CPU Attachment Bracket (The CPU Holder hooks onto the CPU Attachment Bracket) Secure the CPU Holder to the CPU Attachment Bracket with the CPU Knob with Washer.
