

FP-7500 Floating Long Throw Display Arm

Position your monitor exactly where you want it; with fingertip control of both vertical and horizontal movement. The integral gas assist arm renders the monitor weightless.

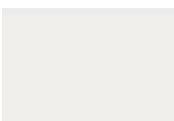

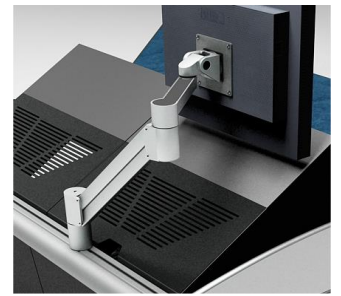

The arm can fold to fit in about 4.5" of space and extend out to 27".

Unique cable management routes cables inside the arm for a clean installation.

Features:

- Weight range 8 - 27 lbs. * (17" to 24" lcds)
- Arm rotates 360° at 3 joints.
- Monitor tilt mechanism can tilt over 200°.
- Adjustable tension at all joints - ideal for touch screen applications.
- VESA-monitor compatible – 75mm & 100mm VESA adapters included.

*For monitors weighing up to 44 lbs., ask about our heavy duty version of this arm
