

Freedom Chair

Intelligent Mechanism - with Freedom's revolutionary counterbalance mechanism, your weight automatically balances the force required to recline the chair. The recline tension is always perfectly adjusted to let you move while keeping you fully supported in all positions.

- Pivoting backrest - automatically adjusts.
- Synchronous armrests move in tandem with backrest.
- Provides seat height range that accommodates 95% of the population.
- Contoured cushions carefully sculpted to match body contours to reduce pressure points.
- Body fit - adjustments for fit-to-size: headrest*, seat height, seat depth, backrest and lumbar support height.
- Hard Casters: 2.5" double-wheel casters for carpeted floors.

Shown with optional headrest

*Freedom Headrest model only
